Support the Arts and Ovarian Cancer Research

The American Craft Exposition (ACE) provides sponsors with the opportunity to partner with a leading healthcare organization and place their brand in front of more than 6,000 affluent patrons from across the Chicago area. Sponsorship of ACE is a powerful investment not only in arts and culture, but also in the future success of our community and the critical ovarian cancer prevention research being conducted at NorthShore University HealthSystem (NorthShore).

Benefit Preview Party

Thursday, September 24, from 5:30 - 9:00 p.m.

The Benefit Preview Party provides sponsors and patrons the opportunity to peruse and purchase unique works of art before the Exposition is open to the public. An elegant party with hors d'oeuvres, cocktails and a festive atmosphere, the Benefit also offers guests a more personal setting to talk with artists and learn about their work. Approximately 800 people are in attendance.

Exposition: Friday, September 25 - Sunday, September 27

A nationally recognized and celebrated event, the American Craft Exposition features distinctive pieces made in America, from the country's leading artists showcasing achievements in jewelry, ceramics, metal, fashion wearables, glass, furniture, fiber decorative, leather, wood, mixed media and basketry. More than 6,000 attendees are expected throughout the show weekend.
