

# Make Healthier Hearts Part of *Your* Legacy

At NorthShore University HealthSystem (NorthShore), we're confronting heart disease with a bold new center of excellence: The Cardiovascular Institute (CVI) pavilion.

Thanks in part to The Heartbeat of Innovation, NorthShore Foundation's capital campaign, the pavilion will be home to groundbreaking research, world-class cardiovascular education and a personalized experience for every patient, every time.

No matter what you choose to support, your generosity will help heal hearts and save lives in Illinois and beyond. And as we usher in a new era of cardiovascular medicine, our patients and caregivers will know the incredible impact you've made. Thank you for your partnership.

<b>Chairs and Fellowships</b>	<b>Gift Amount</b>
Endowed Chair	\$1.5 million
