NorthShore Hospitals Foundation Qualified Charitable Distribution (QCD) Instructions for Donors, Brokers and Administrators

For gifts of a qualified charitable distribution (QCD) from traditional IRA accounts to the NorthShore Hospitals Foundation, please request your account administrator to make the check out to NorthShore Hospitals Foundation and send the check directly to:

NorthShore Hospitals Foundation
Attn: Planned Giving Processing
1001 University Place, Suite 248
Evanston, IL 60201-9928

QCDs typically are transferred directly from the IRA trustee to the public charity. Often you may contact your plan administrator for information regarding the QCD process and specific forms. You may ask your administrator to reference your name and address as the donor of record in connection with the transfer.

Donors, please advise us of the pending gift transfer and its designated purpose in order that we may provide you proper and required written documentation of the charitable gift.

With questions, please phone planned giving at (224) 364-7603 or email northshore.foundation@endeavorhealth.org.

Please be early in sending your QCD gift! The gift process must be fully complete by December 31 in order to meet your required minimum distribution (RMD) calendar year withdrawal requirement.
